Crippled and Many Years an Invalid
To whom these presents shall come, Greeting:
About fourteen years since at the age of 41 I met with an accident which caused an injury to my spine and pelvic bones which resulted in the formation of rounded shoulders and hips, a shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described, in March 1900 I was taken with a severe attack of La Grippe from the effect of which I suffered greatly with my lungs and heart, and when in May 1901 I came to and began treatment with Dr. J. P. Cook my condition was about as follows:—Could perform no manual labor, could not stoop to pick anything from the floor. Could not get about the house only with difficulty, and getting up stairs was next to impossible. Could use my limbs only with difficulty and one of them was much wasted. My nervous system was badly wrecked. Had cough and severe pain on lung and heart, no appetite, could sleep only in broken spells, and in many ways suffered almost constant and unbearable agonies. In short I was as much dead as alive. Previously to my attack of La Grippe I was treated over a period of years by many physicians to no effective purpose. My personal appearance at this time is evident in the back as anyone. My waist line returned to normal size and but little more than half an inch shorter than the other. Have free use of my limbs and can go up stairs can foot after the other with perfect ease. My weight is increasing. Can stoop to the floor with ease. Can get about and do pretty much any and everything other well people can do. My appetite is splendid; sleep soundly and am absolutely free from pain. Having lived in Dr. Cook's family for nearly a year I have seen much of the effect of his treatment upon others, and can cheerfully recommend the Doctor and his medical skill to all in any way afflicted. The Doctor's treatment in this case was wholly confined to his botanical remedies, constitutionally administered. No resort to the use of knife, mechanical appliances or other method of treatment being employed. Lillian Rosenbaum has lived in this vicinity about nine years. We, the undersigned, are personally acquainted with the above patient and cheerfully subscribe to the truth of the foregoing statement. W. W. HALL, County Clerk. N. ROSENBAUM, Father. A. V. ROSENBAUM, Son. Subscribed and sworn to before me this 24th day of Aug. 1901. By A. MOULDER, Deputy.

MILES' PHILIPPINE SCHEME

The Cubans and Porto Ricans

Would Pacify the Islands by Reason.

War Tax Bill—Other News of the Capital.

WASHINGTON, March 18.—It is stated that the plan of General Miles for the pacification of the Philippines, which was disapproved by Roosevelt and Root, contemplated the selection of half a dozen representative Cubans, and the same number of Porto Ricans, who should accompany Miles to the Philippines. These men would be given an opportunity to talk with the Filipinos regarding the beneficent results of American rule in their islands. Miles also proposed to bring a number of prominent Filipinos to the United States for the purpose of studying American institutions.

WASHINGTON, March 18.—At a meeting of the Senate finance committee this morning it was decided to report favorably the House bill repealing all war taxes. A few unimportant amendments, which do not alter the effect of the bill, were agreed to. The report will probably not be made until next week.

Oxnard Protests.
WASHINGTON, March 18.—Henry Oxnard, the beet sugar baron, had a long talk with President Roosevelt this morning. He presented additional arguments against granting tariff concessions to the Cuban sugar planters.

Colon Liberals Victorious.
WASHINGTON, March 18.—The navy department this afternoon received the following cablegram from Capt. Rodgers, commanding the U. S. gunboat Marietta, at Colon: "Colon. The liberal army has gained a victory. The rebels have possession of the country west of Panama, and fighting is expected on the isthmus."

CHARGED WITH MURDER

Outcome of the Ashland Shooting Affray.

ASHLAND, March 17.—J. P. Cotton, who was shot by H. C. Messenger, at the former's sawmill last Tuesday, died from his wound last Tuesday. A charge of murder was promptly lodged against Messenger, who has been out on bail since his arrest, and the sheriff placed him in the Jacksonville jail without delay. Today the body of Cotton was brought to town and a coroner's jury was convened on the case at the undertaking establishment. Dr. Shaw, Drs. Parsons and Dr. Pickel made the surgical examination of the body. It was found that the ball had penetrated both lungs, then struck the spine and dropped downward, being found loose in the chest cavity. It was deemed remarkable that the man could survive the wound four days.

MORGAN'S METHODS.

Graphically Illustrates the Way a Trust is Formed.
NEW YORK, March 18.—John W. Gates, who took the witness stand this morning when the bearing in the suit brought by John H. Parks against Gates for an accounting of profits made in forming the American Wire and Steel Company was resumed. He testified that he had entered into a written agreement with Morgan to finance the formation of the company, but that the plan fell through, and he so notified plaintiffs and others associated with him.

ST. PETERSBURG, March 18.—A newspaper here today says Russia will not allow America to compel Turkey to pay back the ransom money, exacted by brigands for the release of Missionary Stone. Russia, the paper says, will enunciate the Monroe doctrine for Eastern Europe.

Ship Subsidy Bill.
WASHINGTON, March 18.—After a prolonged debate, the Senate, on Monday, passed the ship subsidy bill, the final vote upon the measure being 42 to 31.

Hanna offered, and the Senate adopted, three amendments applying directly to the acquisition of J. P. Morgan and his associates of the Leyland line of British ships. They provide that no foreign built ship shall participate in the proposed subsidy, that nothing in the act shall be construed to prevent American citizens or corporations from holding or owning foreign ships in the ocean carrying trade, and that no foreign built ship of any line thus acquired by American citizens shall be admitted hereafter to American registry.

The Minority Report
Of the Senate committee is as follows:

"The bill proposes to tax the whole people to the extent of several millions for the benefit of one single industry. Besides the statistics of the last two years prove that the ship building industry does not need such special assistance, but is rapidly increasing under natural conditions." They criticize the feature of the bill which carries the subsidy for foreign mails, and say: "The highest rate of subsidy is given to twenty knot vessels, while the fast ocean mails are really carried in twenty-three and twenty-four knot vessels. The mail compensation to the slow American vessels, already too high, is made immensely higher by this bill. We pay more for a weekly service than England pays for a semi-weekly service by much faster ships than ours."

They further urge that the bill makes no provision against a shipping trust, and claim that it encourages a combination leading to such a trust. They also say: "The lines might also merge with foreign lines to control freight and passenger rates. Thereby our subsidy would be adding the foreign partners of our subsidized vessels."

The report closes by saying: "We know that there are hundreds and thousands of industries in our country doing a losing business, but we deny that Congress, for this reason, can go into the public treasury and save them from bankruptcy. We sympathize with all men in the hard struggle for life, but it is not the duty of our government to interfere in the private business affairs of the citizens. We believe that all men should have an equal and fair chance in the race for wealth and happiness—every citizen should bear his share of the burdens of the government, one class should never be the recipient of benefits not given to others. Absolute equality of rights is a doctrine we should never abandon. The bill is wrong in principle, unjust, vicious, pure class legislation."

Did Mark Hanna wipe out that strike? Some one has set all those 20,000 laborers at Boston to work again. *** You don't spend half your time shoveling coal into the furnace in Western Oregon in winter. All the Salem Boers wore the Shamrock on St. Patrick's day.

CHINESE REBELLION SERIOUS

Three Provinces Are Now Involved

Large Force of Imperial Troops Defeated.

May be a Repetition of the Boxer Outbreak.

HONG KONG, March 18.—The rebellion in Kwang Si, Kwang Tung and Yunan provinces is assuming a serious aspect. The rebels recently routed a large imperial force after fighting two days, and are looting towns, seizing government supplies and murdering mandarins. Many imperial soldiers are joining them.

Rebels Gaining Strength.
NEW YORK, March 17.—About 600 Venezuelan revolutionists, under the command of Domingo Monagas, have taken Guanania, and are now threatening Barcelona, according to a late dispatch from the Port of Spain, Trinidad, to the Herald.

The Venezuelan insurgent steamship Libertador has landed General Nicolas Rolando and Jose Penabaz near Carupano. They have joined 5,000 revolutionists near Cumana.

General Landaez, a Venezuelan government officer, has abandoned Carupano, and has fled toward Caracas. It is expected that General Cuchama's force will intercept General Landaez's troops.

Revolutionists, under the command of General Cordoba, are moving on Cumana.

ST. LOUIS, March 18.—John Mordell, one of the ex-almshouses indicted for bribery, failed to appear when the case was called this morning. His bond was declared forfeited. RIVER MISSOURI IS DRY

Stream Blocked by Great Ice Gorge.

SIoux CITY, Iowa, March 18.—Early Sunday morning the Missouri River, at Chamberlain, in South Dakota, went dry, stranding a ferry in midstream. Ice had been running, and it is feared a great gorge has been formed above the city. Couriers have been sent out to investigate. If a gorge has been formed it will cause immense damage when it does break.

All Hope for Condon Given Up.
LONDON, March 18.—The Admiralty Monday night officially announced that all hope of finding the British ship Condon had been given up, and ordered that her books be closed, and that the money due her officers and crew to March 17th should be paid.

The British warship Condon left Victoria, B. C., December 24, for Honolulu, and has not been heard from since her departure. She was of 980 tons and carried a complement of 130 men.

FORTUNE FAVORS BRITISH

Gen. Kitchener Reports Several Successes

Two Commandants Captured One Wounded.

Total of Boer Losses Since March 10.

LONDON, March 18.—Lord Kitchener, in his report to the war office today, announces the capture of Commandant Kammert, the redoubtable Boer, who led the victorious Boer forces in the fight at Italia, Zululand, last October. The capture was effected in a fight Saturday near Ngathia basin. Four Boers were killed and six wounded in the engagement. Commandant Behren was also captured, and Commandant Celliers, who did effective work at a critical time during the engagement between Delarey and Methuen, has been wounded. Since the 10th the Boers have lost eleven killed, seven wounded and 125 surrendered.

Story of the Fight

LONDON, March 18.—Describing the disaster to General Methuen, the Pretoria correspondent of the Standard praises the gallantry of the Boers, who, he says, charged heedless of the hot fire poured into their lines. He contrasts the cool steadiness of the British infantry supporting the guns with the blind panic which unnerved and stampeded the mounted rear guard. After placing the convoy in the kraal, in charge of Major Paris, continued the correspondent, General Methuen galloped back to the guns on the right. He encouraged his men by his voice and gesture, and became a conspicuous target for the Boer marksmen, who centered their fire upon him as he rode from point to point. When Commandant Celliers unmasked a couple of 15-pounders and began shelling the kraal that position became hopeless, and it would have been, under the circumstances, nothing short of madness to look for any favorable issue. The only means of preventing unavailing loss of life was surrender.

William to Meet Henry

BRUNSBUTTEL, Prussia, March 18.—Emperor Wilhelm left here this morning on board the battleship Wilhelm the second to meet Prince Henry at Cuxhaven, where the steamer Deutschland is expected to arrive at 7 o'clock tonight.

CUXHAVEN, Germany, March 18.—Prince Henry arrived here this afternoon. He was cordially greeted by the Kaiser and a great crowd.

COLD WEATHER IN ALASKA.

Travel on Yukon River Difficult—Many People at White Horse.
PORT TOWNSEND, Wash., March 18.—The steamer Farallon, arriving from Alaska, reports the most stormy trip of the season. During the entire run down continual wind and snow storms were encountered, and the weather was intensely cold. At Skagway March 13th, the thermometer registered 10 below. The entire country along the Alaskan route is covered with snow and ice. Word was received at Skagway before the Farallon sailed that the cold wave extended along the Yukon river, making travel on the ice very difficult. Trains leaving Skagway for White Horse are crowded with passengers, while trains arriving have but few passengers. About 1,500 people are at White Horse, awaiting favorable conditions to start down the river.

SOUTHERNERS ARE SORE.

Republicans Will Try to Reduce Representation.

WASHINGTON, March 18.—The Republican House leaders have decided to force an investigation by a special commission of electoral conditions in the South. This is preliminary to an effort to reduce the representation in the House of those states which restrict negro suffrage. The Southern congressmen are furious over the plan, and declare they will fight it every inch of the way.

Colombian Insurgents.
PORT OF SPAIN, Island of Trinidad, March 18.—A force of Venezuelan insurgents supported by the revolutionary steamer Bolivar captured the town of Juan Griego on the island of Margarita yesterday, and afterwards moved on the town of Ascension, the capital of the island.

STATE SOCIALIST CONVENTION

Will Be Held in Portland Wednesday.

PORTLAND, March 18.—Socialists will hold their city and state convention Wednesday in Foresters' Hall, Sixth and Washington streets. A complete state ticket is to be nominated, as well as nominations made for a majority of the municipal officers. At the county convention there were several vacancies left on the ticket, to be filled by the executive committee. These vacancies have not yet received attention, although the committee has had a number of names under consideration. Leading Socialists say that the convention will not nominate, in the morning, either the state or city tickets. Formal organization will be effected, and then an adjournment will be taken until night. As most of the Socialists are working people, it is impossible for them to attend the convention during the day. For this reason the nominations are to be postponed till night, when a full attendance is expected. It is asserted by Socialists that they expect to be affiliated with the labor organizations during the approaching campaign. Correspondence has passed between the labor unions and the Socialists for some time past, and it is asserted that the two will pool issues, and make a vigorous effort to capture a few offices. The socialists expect to
